today the land of promise is a spark in the tinder dry atmosphere of middle eastern affairs events there continue to wield influence among peoples and in places well beyond the region itself this raises for christians the acute theological problem of how to relate to the land of promise today and in light of the land of the bible our hope is that this volume of essays will contribute to a more informed and theologically coherent response to the land of promise it is offered here in the name of peace for all peoples in that place and among those who continue to look to her as a place of promise

a b simpson uses two old testament examples in the land of promise to show the christian that the path to sanctification is invariably full of pitfalls and that the final journey is our worth the struggle to claim the inheritance the land of promise both guides and gives hope for that which is yet to come for the christian as a b simpson helps us to understand the blueprint for our life of faith a b simpson uses the land of promise as an attempt to open the eyes of the follower to see that god has a whole plan for them for them already laid out the church needs to understand that its eyes need opened and that the lord is to be asked for our full rights to redemption in christ each chapter in the book the land of promise describes a phrase in the process of claiming our christian heritage using moses and joshua as examples from their looking over to their entering into and taking possession of the land of canaan a b simpson once again uses metaphor and example of biblical imagery to take us into a heavenly discussion of sanctification

daniel stevens analyses the use of the language of divine commitment in the epistle to the hebrews arguing that the author distinguishes promise from the cultic language of covenant to sketch a unique mixture of continuity and discontinuity among the people of god across time stevens stresses through an exegesis of relevant passages that rest is not the primary content of promise nor is it the primary lens through which the other instances of promise language should be understood suggesting instead that the promise is most closely associated with the benefits promised to abraham and then mediated through the various subsequent covenants he further explores how the divine promise relates to both the old and new covenants arguing that hebrews develops a view of salvation history in which covenants are founded upon promises and then bring those promises to fruition by demonstrating the ways in which this understanding of promise sheds light on the author's hermeneutic and on his method of achieving his hortatory purposes for the epistle stevens concludes in a reassertion of the consistency of the author's thought regarding promise
